

# The European University of Brain and Technology

## NEURICOO event *Industry meets academics and students*

### 10:00-10:10 Welcome to NeurotechEU - NEURICOO

Prof. Can A. Yücesoy, Director, Institute of Biomedical Engineering, Boğaziçi University, Board of Governors member, NeurotechEU

### 10:10-10:20 Innovation in Istanbul Health Industries Cluster (ISEK)

Prof. Cengizhan Öztürk - Boğaziçi University, Academic Coordinator for ISEK

### 10:20-10:30 Making the Difference in Life Sciences and Health

Koen van den Hurk - Innovation Manager, Health Valley Netherlands

### 10:30-11:30 Translation of Innovations into Industry

What Do Companies, Clusters, Academics Need and Students Expect?

Four Breakout Sessions on Key Technologies Providing Solutions for Neurochallenges

**Robotics & Neuro/Medical-Devices**

**Machine Learning & Artificial Intelligence**

**Diagnostics & Treatment Methods**

**Sensing Technologies**

### 11:30-12:00 Round Table Discussion

## Fact Sheet

NEURICOO is NeurotechEU's university-industry collaboration structure.

25 May 2021 event:

The aim is to explore the needs and expectations of companies, clusters, academics and students in order to translate innovations into industry.

Next steps:

NEURICOO will work on developing mechanisms to address those needs and expectations.

In subsequent events NEURICOO will serve as a matchmaking system to match academics to companies to assist mutual needs for collaboration.

**25 May 2021**
